L. The term "removal" shall mean eliminating an obstruction (other than a bridge over the navigable waters of the United States) where the Government determines, after consultation with the Non-Federal Sponsor, that : 1) elimination is necessary for the construction, operation, or maintenance of the general navigation features, including the borrowing of material or the disposal of dredged or excavated material associated therewith; 2) elimination must be accomplished before the end of the period of construction; 3) the Non-Federal Sponsor, the State of **[IDENTIFY APPROPRIATE STATE]**, or the Government has the legal capability to accomplish elimination of the obstruction at the expense of the owner or operator thereof; and

4) eliminating the obstruction is not part of a deep draft utility relocation as defined in paragraph K. of this Article. February 29, 1996

applying those procedures usually applied to Federal projects, pursuant to Federal laws, regulations, and policies.

1. The Government shall afford the Non-Federal Sponsor the opportunity to review and comment on the solicitations for all contracts, including relevant plans and specifications, prior to the Government's issuance of such solicitations. The Government shall not issue the solicitation for the first construction contract until the Non-Federal Sponsor has confirmed in writing its willingness to proceed with the Project and the local service facilities. To the extent possible, the Government shall afford the Non-Federal Sponsor the opportunity to review and comment on all proposed contract modifications, including change orders. In any instance where providing the Non-Federal Sponsor with notification of a contract modification is not possible prior to execution of the contract modification, the Government shall provide such notification in writing at the earliest date possible. To the extent possible, the Government also shall afford the Non-Federal Sponsor the opportunity to review and comment on all contract claims prior to resolution thereof. The Government shall consider in good faith the comments of the Non-Federal Sponsor, but the contents of solicitations, award of contracts, execution of contract modifications, resolution of contract claims, and performance of all work on the general navigation features (whether the work is performed under contract or by Government personnel), shall be exclusively within the control of the Government.

2. Throughout the period of construction, the District Engineer shall furnish the Non-Federal Sponsor with a copy of the Government's Written Notice of Acceptance of Completed Work for each contract for the general navigation features.

[INCLUDE PARAGRAPH II.A.3. IF THE NON-FEDERAL SPONSOR DESIRES A "VOLUNTARY COST CAP."]

3. Notwithstanding paragraph A.1. of this Article, if the award of any contract for construction of the general navigation features would result in, cumulative financial obligations for construction would exceed \$_____, the Government and the Non-Federal Sponsor agree to defer award of that contract and all subsequent contracts for construction of the general navigation features until such time as the Government and the Non-Federal Sponsor agree to proceed with further contract awards for the general navigation features, but in no event shall the award of contracts be deferred for more than three years. Notwithstanding this general provision for deferral of contract awards, the Government, after consultation with the Non-Federal Sponsor, may award a contract or contracts after the Assistant Secretary of the Army (Civil Works) makes a written determination that the award of such contract or

contracts must proceed in order to comply with law or to protect human life or property from imminent and substantial harm.

B. The Non-Federal Sponsor may request the Government to accomplish betterments. Such requests shall be in writing and shall describe the betterments requested to be accomplished. If the Government in its sole discretion elects to accomplish the requested betterments or any portion thereof, it shall so notify the Non-Federal Sponsor in a writing that sets forth any applicable terms and conditions, which must be consistent with this Agreement. In the event of conflict between such a writing and this Agreement, this Agreement shall control. The Non-Federal Sponsor shall be solely responsible for all costs due to the requested betterments and shall pay all such costs in accordance with Article VI.C. of this Agreement.

C. In accordance with Article III of this Agreement, the Non-Federal Sponsor shall provide all lands, easements, rights-of-way, suitable borrow areas, or suitable dredged or excavated material disposal areas that the Government determines the Non-Federal Sponsor must provide for the construction, operation, or maintenance of the general navigation features, and shall perform or ensure performance of all relocations or deep draft utility relocations that the Government determines to be necessary for the construction, operation, or maintenance of the general navigation features.

D. The Non-Federal Sponsor may request the Government to provide lands, easements, rights-of-way, suitable borrow areas, or suitable dredged or excavated material disposal areas or to perform relocations or deep draft utility relocations, for the general navigation features on behalf of the Non-Federal Sponsor. Such requests shall be in writing and shall describe the services requested to be performed. If in its sole discretion the Government elects to perform the requested services or any portion thereof, it shall so notify the Non-Federal Sponsor in a writing that sets forth any applicable terms and conditions, which must be consistent with this Agreement. In the event of conflict between such a writing and this Agreement, this Agreement shall control. The Non-Federal Sponsor shall be solely responsible for all costs of the requested services and shall pay all such costs in accordance with Article VI.C. of this Agreement. Notwithstanding the provision of lands, easements, rights-of-way, suitable borrow areas, or dredged or excavated material disposal areas or performance of relocations or deep draft utility relocations by the Government, the Non-Federal Sponsor shall be responsible, as between the Government and the Non-Federal Sponsor, for the costs of cleanup and response in accordance with Article XV.D. of this Agreement.

E. The Government, in accordance with Federal laws, regulations, and policies, shall assign all costs included or to be included in the total cost of construction of the general navigation features to one or more of the following depth increments: dredging to a depth not in excess of 20 feet; dredging to a depth in excess of 20 feet but not in excess of 45 feet; and dredging to a depth in excess of 45 feet. In determining the dredge depth to which costs will be assigned, the Government shall assign any costs for over-depth dredging to the project dredge depth.

F. The Non-Federal Sponsor shall contribute a share of the total cost of construction of the general navigation features as follows: 10 percent of that portion of the total cost of construction of the general navigation features assigned to dredging to a depth not in excess of 20 feet; plus 25 percent of that portion of the total cost of construction of the general navigation features assigned to dredging to a depth in excess of 20 feet but not in excess of 45 feet; plus 50 percent of that portion of the total cost of construction of the general navigation features assigned to dredging to a depth in excess of 45 feet.

G. If the Government projects that the value of the Non-Federal Sponsor's contributions under paragraph O. of this Article and Articles V, X.B., X.C., and XV.A.1. of this Agreement will be less than its share required by paragraph F. of this Article, the Non-Federal Sponsor shall provide a cash contribution, in accordance with Article VI.B. of this Agreement, in the amount necessary to meet its share required by paragraph F. of this Article.

H. The Government shall perform a final accounting in accordance with Article VI.D. of this Agreement to determine the contributions provided by the Non-Federal Sponsor in accordance with paragraphs B., D., G., and O. of this Article and the contributions provided by the Non-Federal Sponsor in accordance with Articles V, X.B., X.C., and XV.A.1. of this Agreement and to determine whether the Non-Federal Sponsor has met its obligations under paragraphs B., D., and F. of this Article. The final accounting also shall determine an amount equal to 10 percent of the total cost of construction of the general navigation features (hereinafter the "10 percent amount").

I. Before furnishing the Non-Federal Sponsor with the results of the final accounting, the Government shall afford credit against the 10 percent amount for the value, as determined in accordance with Article IV of this Agreement, of lands, easements, rights-of-way, relocations, deep draft utility relocations, suitable borrow areas, or suitable dredged or excavated material disposal areas provided before the end of the period of construction; provided, however, that such credit shall not exceed the 10 percent amount. In accordance with Article VI.E. of this Agreement, the Non-Federal Sponsor shall, over a period not to exceed **[NOT MORE THAN 30]** years, pay

February 29, 1996

an amount equal to the 10 percent amount reduced by such credit (hereinafter the "principal amount"), with interest. In accordance with Article VI.E.4. of this Agreement, the Government also shall afford credit against the principal amount for the value, as determined in accordance with Article IV of this Agreement, of the lands, easements, rights-of-way, relocations, deep draft utility relocations, suitable borrow areas, or suitable dredged or excavated material disposal areas provided after the period of construction.

J. Subject to applicable Federal laws and regulations, the Non-Federal Sponsor, at no cost to the Government and in a timely manner, shall construct the local service facilities, and shall be responsible for taking all actions to enable such construction. The Government shall have no responsibility under this Agreement for the construction of the local service facilities or the construction of any other facilities provided by the Non-Federal Sponsor or a third party.

K. In accordance with Article VIII.A. of this Agreement, the Non-Federal Sponsor, at no cost to the Government, shall operate and maintain the local service facilities and dredged or excavated material disposal areas. The Government shall have no responsibility under this Agreement for the operation or maintenance of the local service facilities or the operation or maintenance of any other facilities provided by the Non-Federal Sponsor or a third party.

L. The Government shall operate and maintain the general navigation features in accordance with Article VIII.B. of this Agreement.

M. The Non-Federal Sponsor shall not use Federal funds to meet its obligations for the Project under this Agreement unless the Federal granting agency verifies in writing that the expenditure of such funds is expressly authorized by statute.

N. The Government shall accomplish all removals that neither the Non-Federal Sponsor nor the State of **[IDENTIFY APPROPRIATE STATE]** has the legal capability to accomplish where both the Non-Federal Sponsor and the State of **[IDENTIFY APPROPRIATE STATE]** make a written request for the Government to accomplish such removal; and all removals that the Government is expressly required to accomplish in the authorizing legislation for the Project or any report referenced therein.

1. In the event a court determines that the owner of an obstruction is entitled to payment of just compensation as the result of elimination of the obstruction, such removal shall be reclassified as part of the Non-Federal Sponsor's responsibility

February 29, 1996

to provide lands, easements, and rights-of-way, or to perform relocations, as appropriate, pursuant to Article II.C. of this Agreement.

2. All costs incurred by the Government in accomplishing removals shall be included in the total cost of construction of the general navigation features and shared in accordance with the provisions of this Agreement.

O. The Non-Federal Sponsor shall accomplish all removals, other than those removals specifically assigned to the Government by paragraph N. of this Article, in accordance with the provisions of this paragraph.

1. The Government in a timely manner shall provide the Non-Federal Sponsor with general written descriptions, including maps as appropriate, of such removals, in detail sufficient to enable the Non-Federal Sponsor to fulfill its obligations under this paragraph, and shall provide the Non-Federal Sponsor with a written notice to proceed with accomplishing such removals. Unless the Government agrees to a later date in writing, prior to the issuance of the solicitation for each Government contract for construction, operation, or maintenance of the general navigation features, or prior to the Government incurring any financial obligation for construction, operation, or maintenance of the general navigation features that it elects to perform with its own forces, the Non-Federal Sponsor shall accomplish all removals set forth in such descriptions that the Government determines to be necessary for that work.

2. In the event a court determines that the owner of an obstruction is entitled to payment of just compensation as the result of elimination of the obstruction, such removal shall be reclassified as part of the Non-Federal Sponsor's responsibility to provide lands, easements, and rights-of-way, or to perform relocations, as appropriate, pursuant to Article II.C. of this Agreement.

3. The documented incidental costs incurred by the Non-Federal Sponsor in accomplishing removals, shall be included in the total cost of construction of the general navigation features, subject to an audit in accordance with Article X.C. of this Agreement to determine reasonableness, allocability, and allowability of costs, and shared in accordance with the provisions of this Agreement. Incidental costs may include legal and administrative costs (such as owner or operator notification costs, public notice or hearing costs, attorney's fees, and litigation costs) incurred by the Non-Federal Sponsor in accomplishing removals, but shall not include any costs that the Non-Federal Sponsor or the State of **[IDENTIFY APPROPRIATE STATE]** has the legal capability to require of, assign to, or recover from the owner or operator of the obstruction.

[INCLUDE ADDITIONAL PARAGRAPHS TO REFLECT SPECIAL REQUIREMENTS SPECIFIED IN THE AUTHORIZING DOCUMENTS.]

ARTICLE III - LANDS, RELOCATIONS, DISPOSAL AREAS, AND PUBLIC LAW 91-646 COMPLIANCE

A. The Government, after consultation with the Non-Federal Sponsor, shall determine the lands, easements, or rights-of-way necessary for the construction, operation, or maintenance of the general navigation features, including those lands, easements, or rights-of-way necessary for relocations, deep draft utility relocations, borrow materials, or dredged or excavated material disposal, and including those lands, easements, or rights-of-way that the Government determines to be subject to the navigation servitude. The Government in a timely manner shall provide the Non-Federal Sponsor with general written descriptions, including maps as appropriate, of the lands, easements, or rights-of-way that the Government determines the Non-Federal Sponsor must provide, in detail sufficient to enable the Non-Federal Sponsor to fulfill its obligations under this paragraph, and shall provide the Non-Federal Sponsor with a written notice to proceed with acquisition of such lands, easements, or rights-of-way. Prior to the end of the period of construction, the Non-Federal Sponsor shall acquire all lands, easements, or rights-of-way necessary for the construction of the general navigation features, as set forth in such descriptions. Furthermore, prior to issuance of the solicitation for each Government contract for construction, operation, or maintenance of the general navigation features or prior to the Government incurring any financial obligation for construction, operation, or maintenance it elects to perform with its own forces, the Non-Federal Sponsor shall acquire all lands, easements, or rights-of-way the Government determines the Non-Federal Sponsor must provide for that work and shall provide the Government with authorization for entry thereto.

B. The Government, after consultation with the Non-Federal Sponsor, shall determine the improvements necessary on lands, easements, or rights-of-way to enable the borrowing of material or the proper disposal of dredged or excavated material associated with the construction, operation, or maintenance of the general navigation features. Such improvements may include, but are not necessarily limited to, retaining dikes, wasteweirs, bulkheads, embankments, monitoring features, stilling basins, or de-watering pumps or pipes. The Government in a timely manner shall provide the Non-Federal Sponsor with general written descriptions of such improvements in detail sufficient to enable the Non-Federal Sponsor to fulfill its obligations under this paragraph, and shall provide the Non-Federal Sponsor with a written notice to proceed with construction of such improvements. Prior to issuance of the solicitation for each Government contract for construction, operation, or

maintenance of the general navigation features or prior to the Government incurring any financial obligation for construction, operation, or maintenance it elects to perform by its own forces, the Non-Federal Sponsor shall prepare plans and specifications for all improvements the Government determines to be necessary for the proper disposal of dredged or excavated material that will be generated by that work, submit such plans and specifications to the Government for approval, and provide such improvements in accordance with the approved plans and specifications.

C. The Government, after consultation with the Non-Federal Sponsor, shall determine the relocations or deep draft utility relocations necessary for the construction, operation, or maintenance of the general navigation features, including those necessary to enable the removal of borrow materials or the proper disposal of dredged or excavated material. The Government in a timely manner shall provide the Non-Federal Sponsor with general written descriptions, including maps as appropriate, of such relocations or deep draft utility relocations in detail sufficient to enable the Non-Federal Sponsor to fulfill its obligations under this paragraph, and shall provide the Non-Federal Sponsor with a written notice to proceed with such relocations or deep draft utility relocations. Unless the Government agrees to a later date in writing, prior to issuance of the solicitation for each Government contract for construction, operation, or maintenance of the general navigation features or prior to the Government incurring any financial obligation for construction, operation, or maintenance it elects to perform by its own forces, the Non-Federal Sponsor shall prepare or ensure the preparation of plans and specifications for, and perform or ensure the performance of, all relocations or deep draft utility relocations the Government determines to be necessary for that work. Nothing in this Agreement shall be deemed to affect any rights the Non-Federal Sponsor may have to seek and receive contributions from the utility owner, in accordance with Section 101(a)(4) of Public Law 99-662, for the owner's share of deep draft utility relocation costs.

D. Until the Government furnishes the Non-Federal Sponsor with the results of the final accounting pursuant to Article VI.D. of this Agreement, or the credit afforded pursuant to Article II.I. of this Agreement equals the 10 percent amount, whichever occurs later, the Non-Federal Sponsor in a timely manner shall provide the Government with such documents as are sufficient to enable the Government to determine the value of any contribution provided pursuant to paragraph A., B., or C. of this Article. Upon receipt of such documents the Government in a timely manner shall afford credit for the value of such contribution in accordance with Article II.I. of this Agreement.

E. The Non-Federal Sponsor shall comply with the applicable provisions of the Uniform Relocation Assistance and Real Property Acquisition Policies Act of 1970,

February 29, 1996

Public Law 91-646, as amended by Title IV of the Surface Transportation and Uniform Relocation Assistance Act of 1987 (Public Law 100-17), and the Uniform Regulations contained in 49 C.F.R. Part 24, in acquiring lands, easements, or rights-of-way necessary for the construction, operation, or maintenance of the general navigation features, including those necessary for relocations, deep draft utility relocations, borrow materials, or dredged or excavated material disposal, and shall inform all affected persons of applicable benefits, policies, and procedures in connection with said Act.

ARTICLE IV - CREDIT FOR VALUE OF LANDS, RELOCATIONS, AND DISPOSAL AREAS

A. The Non-Federal Sponsor shall receive credit in accordance with Article II.I. of this Agreement for the value of the lands, easements, rights-of-way, suitable borrow areas or suitable dredged or excavated material disposal areas that the Non-Federal Sponsor must provide pursuant to Article III of this Agreement, and for the value of the relocations or deep draft utility relocations that the Non-Federal Sponsor must perform or for which it must ensure performance pursuant to Article III of this Agreement. However, the Non-Federal Sponsor shall not receive credit for the value of any lands, easements, rights-of-way, relocations, deep draft utility relocations, borrow areas or dredged or excavated material disposal areas that have been provided previously as an item of cooperation for another Federal project. The Non-Federal Sponsor also shall not receive credit for the value of lands, easements, rights-of-way, relocations, deep draft utility relocations, borrow areas or dredged or excavated material disposal areas to the extent that such items are provided using Federal funds unless the Federal granting agency verifies in writing that such credit is expressly authorized by statute.

B. For the sole purpose of affording credit in accordance with this Agreement, the value of lands, easements, and rights-of-way, including those necessary for relocations, deep draft utility relocations, borrow materials, or dredged or excavated material disposal, other than those the Government acquires on behalf of the Non-Federal Sponsor pursuant to Article II.D. of this Agreement, shall be the fair market value of the real property interests, plus certain incidental costs of acquiring those interests, as determined in accordance with the provisions of this paragraph.

1. Date of Valuation. The fair market value of lands, easements, or rights-of-way owned by the Non-Federal Sponsor on the effective date of this Agreement shall be the fair market value of such real property interests as of the date the Non-Federal Sponsor provides the Government with authorization for entry thereto. The fair market value of lands, easements, or rights-of-way acquired by the Non-

Federal Sponsor after the effective date of this Agreement shall be the fair market value of such real property interests at the time the interests are acquired.

2. General Valuation Procedure. Except as provided in paragraph B.3. or B.4. of this Article, the fair market value of lands, easements, or rights-of-way shall be determined in accordance with paragraph B.2.a. of this Article, unless thereafter a different amount is determined to represent fair market value in accordance with paragraph B.2.b. of this Article.

a. The Non-Federal Sponsor shall obtain, for that real property interest, an appraisal that is prepared by a qualified appraiser who is acceptable to the Non-Federal Sponsor and the Government. The Non-Federal Sponsor shall provide the Government with the appraisal no later than 6 months after the Non-Federal Sponsor provides the Government with an authorization for entry for such real property interest, or, in the event an authorization for entry is not required, no later than the end of the period of construction. The appraisal must be prepared in accordance with the applicable rules of just compensation, as specified by the Government. **[NOTE: SEE CHAPTERS 4 AND 12 OF ER 405-1-12 FOR GUIDANCE ON THE USE OF FEDERAL VERSUS STATE RULES IN PREPARING AN APPRAISAL.]** The fair market value shall be the amount set forth in the Non-Federal Sponsor's appraisal, if such appraisal is approved by the Government. In the event the Government does not approve the Non-Federal Sponsor's appraisal, the Non-Federal Sponsor may obtain a second appraisal, and the fair market value shall be the amount set forth in the Non-Federal Sponsor's second appraisal, if such appraisal is approved by the Government. In the event the Government does not approve the Non-Federal Sponsor's second appraisal, the Non-Federal Sponsor chooses not to obtain a second appraisal, or the Non-Federal Sponsor does not provide the first appraisal as required in this paragraph, the Government shall obtain an appraisal, and the fair market value shall be the amount set forth in the Government's appraisal, if such appraisal is approved by the Non-Federal Sponsor. In the event the Non-Federal Sponsor does not approve the Government's appraisal, the Government, after consultation with the Non-Federal Sponsor, shall consider the Government's and the Non-Federal Sponsor's appraisals and determine an amount based thereon, which shall be deemed to be the fair market value.

b. Where the amount paid or proposed to be paid by the Non-Federal Sponsor for the real property interest exceeds the amount determined pursuant to paragraph B.2.a. of this Article, the Government, at the request of the Non-Federal Sponsor, shall consider all factors relevant to determining fair market value and, in its sole discretion, after consultation with the Non-Federal Sponsor, may approve in writing an amount greater than the amount determined pursuant to paragraph B.2.a. of

this Article, but not to exceed the amount actually paid or proposed to be paid. If the Government approves such an amount, the fair market value shall be the lesser of the approved amount or the amount paid by the Non-Federal Sponsor, but no less than the amount determined pursuant to paragraph B.2.a. of this Article.

3. Eminent Domain Valuation Procedure. For lands, easements, or rights-of-way acquired by eminent domain proceedings instituted after the effective date of this Agreement, the Non-Federal Sponsor shall, prior to instituting such proceedings, submit to the Government notification in writing of its intent to institute such proceedings and an appraisal of the specific real property interests to be acquired in such proceedings. The Government shall have 60 days after receipt of such a notice and appraisal within which to review the appraisal, if not previously approved by the Government in writing.

a. If the Government previously has approved the appraisal in writing, or if the Government provides written approval of, or takes no action on, the appraisal within such 60-day period, the Non-Federal Sponsor shall use the amount set forth in such appraisal as the estimate of just compensation for the purpose of instituting the eminent domain proceeding.

b. If the Government provides written disapproval of the appraisal, including the reasons for disapproval, within such 60-day period, the Government and the Non-Federal Sponsor shall consult in good faith to promptly resolve the issues or areas of disagreement that are identified in the Government's written disapproval. If, after such good faith consultation, the Government and the Non-Federal Sponsor agree as to an appropriate amount, then the Non-Federal Sponsor shall use that amount as the estimate of just compensation for the purpose of instituting the eminent domain proceeding. If, after such good faith consultation, the Government and the Non-Federal Sponsor cannot agree as to an appropriate amount, then the Non-Federal Sponsor may use the amount set forth in its appraisal as the estimate of just compensation for the purpose of instituting the eminent domain proceeding.

c. For lands, easements, or rights-of-way acquired by eminent domain proceedings instituted in accordance with sub-paragraph B.3. of this Article, fair market value shall be either the amount of the court award for the real property interests taken, to the extent the Government determined such interests are necessary for the construction, operation, and maintenance of the general navigation features, or the amount of any stipulated settlement or portion thereof that the Government approves in writing.

4. Incidental Costs. For lands, easements, or rights-of-way acquired by the Non-Federal Sponsor within a five-year period preceding the effective date of this Agreement, or at any time after the effective date of this Agreement, the value of the interest shall include the documented incidental costs of acquiring the interest, as determined by the Government, subject to an audit in accordance with Article X.C. of this Agreement to determine reasonableness, allocability, and allowability of costs. In the event the Government modifies its determination made pursuant to Article III.A. of this Agreement, the Non-Federal Sponsor shall receive credit for the documented incidental costs associated with preparing to acquire lands, easements, or rights-of-way identified in the original determination, subject to an audit in accordance with Article X.C. of this Agreement to determine reasonableness, allocability, and allowability of costs. Such incidental costs shall include, but not necessarily be limited to, closing and title costs, appraisal costs, survey costs, attorney's fees, plat maps, and mapping costs, as well as the actual amounts expended for payment of any Public Law 91-646 relocation assistance benefits provided in accordance with Article III.E. of this Agreement.

C. For the sole purpose of affording credit in accordance with this Agreement, the value of lands, easements, and rights-of-way, including those necessary for relocations, deep draft utility relocation, borrow materials or dredged or excavated material disposal, that the Government acquires on behalf of the Non-Federal Sponsor pursuant to Article II.D. of this Agreement, shall be the fair market value of the real property interests, plus certain incidental costs of acquiring those interests, as determined in accordance with the provisions of this paragraph.

1. The fair market value of such real property interests shall be the amount paid by the Government.

2. The value of the interest shall include the documented incidental costs of acquiring the interest. Such incidental costs shall include, but not necessarily be limited to, closing and title costs, appraisal costs, survey costs, attorney's fees, plat maps, and mapping costs, as well as the actual amounts expended for payment of any Public Law 91-646 relocation assistance benefits.

D. After consultation with the Non-Federal Sponsor, the Government shall determine the value of relocations and deep draft utility relocations in accordance with the provisions of this paragraph.

1. For a relocation other than a highway or a utility, the value shall be only that portion of relocation costs that the Government determines is necessary to

provide a functionally equivalent facility, reduced by depreciation, as applicable, and by the salvage value of any removed items.

2. For a relocation of a highway, the value shall be only that portion of relocation costs that would be necessary to accomplish the relocation in accordance with the design standard that the State of **[IDENTIFY APPROPRIATE STATE]** would apply under similar conditions of geography and traffic load, reduced by the salvage value of any removed items.

3. For a relocation of a utility, the value shall be only that portion of relocation costs borne by the Non-Federal Sponsor that the Government determines is necessary to provide a functionally equivalent facility, reduced by depreciation, as applicable, and by the salvage value of any removed items.

4. The value of a deep draft utility relocation shall be that portion borne by the Non-Federal Sponsor, but not to exceed 50 percent, of deep draft utility relocation costs that the Government determines are necessary to provide a functionally equivalent facility, reduced by depreciation, as applicable, and by the salvage value of any removed items.

5. Relocation costs and deep draft utility relocation costs shall include, but not necessarily be limited to, actual costs of performing the relocation or the deep draft utility relocation; planning, engineering and design costs; supervision and administration costs; and documented incidental costs associated with performance of the relocation or the deep draft utility relocation, but shall not include any costs due to betterments, as determined by the Government, nor any additional cost of using new material when suitable used material is available. Relocation costs and deep draft utility relocation costs shall be subject to an audit in accordance with Article X.C. of this Agreement to determine reasonableness, allocability, and allowability of costs.

E. The value of the improvements made to lands, easements, or rights-of-way for the proper disposal of dredged or excavated material shall be the costs of the improvements, as determined by the Government, subject to an audit in accordance with Article X.C. of this Agreement to determine reasonableness, allocability, and allowability of costs. Such costs shall include, but not necessarily be limited to, actual costs of providing the improvements; planning, engineering and design costs; supervision and administration costs; and documented incidental costs associated with providing the improvements, but shall not include any costs due to betterments or any costs of construction not in accordance with Government approved plans and specifications or Government approved modifications thereof, as determined by the

Government. Costs due to betterments shall be only those costs for portions of the improvements that the Government identifies in writing to the Non-Federal Sponsor are betterments at the time that the Government approves plans and specifications or at the time the Government approves modifications, as the case may be.

ARTICLE V - PROJECT COORDINATION TEAM

A. To provide for consistent and effective communication, the Non-Federal Sponsor and the Government, not later than 30 days after the effective date of this Agreement, shall appoint named senior representatives to a Project Coordination Team. Thereafter, the Project Coordination Team shall meet regularly until the end of the period of construction. The Government's Project Manager and a counterpart named by the Non-Federal Sponsor shall co-chair the Project Coordination Team.

B. The Government's Project Manager and the Non-Federal Sponsor's counterpart shall keep the Project Coordination Team informed of the progress of construction and of significant pending issues and actions, and shall seek the views of the Project Coordination Team on matters that the Project Coordination Team generally oversees.

C. Until the end of the period of construction, the Project Coordination Team shall generally oversee the Project, including but not necessarily limited to matters related to design; plans and specifications; scheduling; real property, relocation, deep draft utility relocation, and removal requirements; real property acquisition; contract awards or modifications; contract costs; the Government's cost projections; final inspection of the entire Project or functional portions of the Project; preparation of the proposed dredged or excavated material disposal area Management Plan; anticipated requirements for operation and maintenance of the general navigation features; and other Project-related matters. The Project Coordination Team also shall generally oversee the coordination of schedules for the Project and the local service facilities. Oversight of the Project shall be consistent with a project management plan developed by the Government after consultation with the Non-Federal Sponsor.

D. The Project Coordination Team may make recommendations that it deems warranted to the District Engineer on Project-related matters that the Project Coordination Team generally oversees, including suggestions to avoid potential sources of dispute. The Government in good faith shall consider the recommendations of the Project Coordination Team. The Government, having the legal authority and responsibility for construction of the general navigation features, has the discretion to accept or reject, in whole or in part, the Project Coordination Team's recommendations.

February 29, 1996

E. The costs of participation in the Project Coordination Team shall be included in the total cost of construction of the general navigation features and shared in accordance with the provisions of this Agreement.

2. For the second and subsequent fiscal years of construction, the Government shall notify the Non-Federal Sponsor in writing, no later than 60 calendar days prior to the beginning of that fiscal year, of the funds the Government determines to be required from the Non-Federal Sponsor to meet the non-Federal proportionate share of projected financial obligations for construction for that fiscal year. No later than 30 calendar days prior to the beginning of the fiscal year, the Non-Federal Sponsor shall make the full amount of the required funds for that fiscal year available to the Government through the funding mechanism specified in paragraph B.1. of this Article.

3. The Government shall draw from the funds provided by the Non-Federal Sponsor such sums as the Government deems necessary to cover: (a) the

C. In advance of the Government incurring any financial obligation associated with additional work under Article II.B. or II.D. of this Agreement, the Non-Federal Sponsor shall **[INDICATE MECHANISM: [1]** provide the Government with the full amount of the funds required to pay for such additional work by delivering a check payable to "FAO, USAED, **[APPROPRIATE USACE DISTRICT]**" to the District Engineer. **[2]** verify to the satisfaction of the Government that the Non-Federal Sponsor has deposited the full amount of the funds required to pay for such additional work in an escrow or other account acceptable to the Government, with interest accruing to the Non-Federal Sponsor.] The Government shall draw from the funds provided by the Non-Federal Sponsor such sums as the Government deems necessary to cover the Government's financial obligations for such additional work as they are incurred. In the event the Government determines that the Non-Federal Sponsor must provide additional funds to meet its cash contribution, the Government shall notify the

February 29, 1996

Non-Federal Sponsor in writing of the additional funds required. Within **[NOT TO EXCEED 30]** calendar days thereafter, the Non-Federal Sponsor shall provide the Government with a check for the full amount of the additional required funds.

D. After completion of the construction of the general navigation features or termination of this Agreement, and upon resolution of all relevant proceedings, claims, and appeals, the Government shall conduct a final accounting and furnish the Non-Federal Sponsor with the results of the final accounting.

1. The final accounting shall determine the total cost of construction of the general navigation features, each party's contribution provided thereto, and each party's required share thereof. The final accounting also shall determine total costs due to additional work under Article II.B or II.D. of this Agreement and the Non-Federal Sponsor's cash contribution provided pursuant to Article II. B. or II.D. of this Agreement.

a. In the event the final accounting shows that the total contribution provided by the Non-Federal Sponsor is less than its required share of the total cost of construction of the general navigation features plus costs due to additional work under Article II.B. or II.D. of this Agreement, the Non-Federal Sponsor shall, no later than 90 calendar days after receipt of written notice, make a cash payment to the Government of whatever sum is required to meet the Non-Federal Sponsor's required share of the total cost of construction of the general navigation features plus costs due to additional work under Article II.B. or II.D. of this Agreement. **[EXPLANATORY NOTE: IF DURING NEGOTIATION OF THE PCA THE NON-FEDERAL SPONSOR, IN A REQUEST PROCESSED THROUGH PROPER USACE CHANNELS, CAN DEMONSTRATE TO THE SATISFACTION OF THE ASSISTANT SECRETARY OF THE ARMY (CIVIL WORKS) THAT A LONGER TIME PERIOD FOR PAYMENT OF THE ADDITIONAL REQUIRED FUNDS IS APPROPRIATE, THE PCA SUBMITTED TO HQUSACE FOR REVIEW MAY STATE THE LONGER TIME PERIOD.]**

b. In the event the final accounting shows that the total contribution provided by the Non-Federal Sponsor exceeds its required share of the total cost of construction of the general navigation features plus costs due to additional work under Article II.B. or II.D. of this Agreement, the Government shall, subject to the availability of funds, refund the excess to the Non-Federal Sponsor no later than 90 calendar days after the final accounting is complete. In the event existing funds are not available to refund the excess to the Non-Federal Sponsor, the Government shall seek such appropriations as are necessary to make the refund.

2. The final accounting also shall determine the 10 percent amount and the value of lands, easements, rights-of-way, relocations, deep draft utility relocations, and suitable borrow and dredged or excavated material disposal areas provided before the end of the period of construction.

E. The Non-Federal Sponsor shall pay the principal amount required by paragraph II.I. of this Agreement in accordance with the provisions of this paragraph.

1. Before furnishing the Non-Federal Sponsor with the results of the final accounting, the Government shall calculate the principal amount and the annual installments, which installments shall be substantially equal. At the time the Government furnishes the Non-Federal Sponsor with the results of the final accounting, the Government shall notify the Non-Federal Sponsor in writing of the principal amount and the annual installments. The Government shall recalculate the annual installments at five year intervals and shall notify the Non-Federal Sponsor in writing of the recalculated annual installments. In calculating or recalculating the annual installments, the Government shall amortize the principal amount over a period of **[NOT TO EXCEED 30]** years (hereinafter the "payment period"), beginning on the date the Government notifies the Non-Federal Sponsor of the principal amount, using an interest rate determined by the Secretary of the Treasury. In the case of the initial calculation, the interest rate shall be determined by the Secretary of the Treasury taking into consideration the average market yields on outstanding marketable obligations of the United States with remaining periods to maturity comparable to the payment period during the month preceding the fiscal year in which the Government awards the first contract for construction of the general navigation features, plus a premium of one-eighth of one percentage point for transaction costs. In the case of recalculations, the interest rate shall be determined by the Secretary of the Treasury taking into consideration such average market yields during the month preceding the fiscal year in which the sixth installment is to be paid, and thereafter during the month preceding the fiscal year in which each fifth installment is to be paid, plus a premium of one-eighth of one percentage point for transaction costs.

2. The Non-Federal Sponsor shall pay the installments calculated or recalculated pursuant to paragraph E.1. of this Article each year on the anniversary of the date the Government notifies the Non-Federal Sponsor of the principal amount, over a period not to exceed the payment period, by delivering a check payable to "FAO, USAED, **[APPROPRIATE USACE DISTRICT]**" to the District Engineer.

3. Notwithstanding paragraph E.2. of this Article, the Non-Federal Sponsor, in its sole discretion, may prepay the principal amount, in whole or in part, at any time. Notwithstanding paragraph E.1. of this Article, there shall be no charges for

interest on any portion of the principal amount prepaid within 90 days after the Government notifies the Non-Federal Sponsor of the principal amount.

4. After the Government furnishes the Non-Federal Sponsor with the results of the final accounting, the Government shall afford credit against the principal amount for the value, as determined in accordance with Article IV of this Agreement, of lands, easements, rights-of-way, relocations, deep draft utility relocations, and suitable borrow areas, or suitable dredged or excavated material disposal areas provided after the period of construction; provided, however, that the amount of credit afforded pursuant to this paragraph shall not exceed the principal amount. Credit shall be afforded against the portion of the principal amount that is outstanding at the time the credit is afforded. If the credit exceeds the portion of the principal amount outstanding at the time credit is afforded, the Government shall afford the excess credit against the portion of the principal amount that the Non-Federal Sponsor has paid at the time the credit is afforded, by refunding such portion to the Non-Federal Sponsor, subject to the availability of funds. In the event existing funds are not available to refund such portion to the Non-Federal Sponsor, the Government shall seek such appropriations as are necessary to make the refund.

[INCLUDE THE FOLLOWING PARAGRAPH FOR A PROJECT WITH AN AUTHORIZED DEPTH IN EXCESS OF 45 FEET OR ANY SEPARABLE ELEMENT WITH AN AUTHORIZED DEPTH IN EXCESS OF 45 FEET.]

F. The Non-Federal Sponsor shall provide the 50 percent share required by Article VIII.B. of this Agreement in accordance with the provisions of this paragraph.

1. By **[SPECIFIC DATE, BASED ON THE TIMING OF THE NON-FEDERAL SPONSOR'S FISCAL CYCLE]** of each year, the Government shall provide the Non-Federal Sponsor with the current projections of the Government's total financial obligations for operation and maintenance for the upcoming fiscal year, of the portion of the Government's total financial obligations for operation and maintenance in excess of the Government's financial obligations for operation and maintenance attributable to dredging to a depth not in excess of 45 feet (hereinafter the "deep draft portion of financial obligations") for the upcoming fiscal year, and of the funds required from the Non-Federal Sponsor to cover its 50 percent share of the deep draft portion of financial obligations for the upcoming fiscal year.

2. The Government shall notify the Non-Federal Sponsor in writing, no later than 60 calendar days prior to the beginning of each fiscal year, of the funds the Government determines to be required from the Non-Federal Sponsor to cover its 50 percent share of the deep draft portion of financial obligations projected for that

fiscal year. No later than 30 calendar days prior to the beginning of the fiscal year, the Non-Federal Sponsor shall **[INDICATE MECHANISM: [1]** provide the Government with the full amount of the funds required for that fiscal year by delivering a check payable to "FAO, USAED, **[APPROPRIATE USACE DISTRICT]**" to the District Engineer. **[2]** verify to the satisfaction of the Government that the Non-Federal Sponsor has deposited the required funds in an escrow or other account acceptable to the Government, with interest accruing to the Non-Federal Sponsor. **[3]** present the Government with an irrevocable letter of credit acceptable to the Government for the required funds.]

3. The Government shall draw from the funds provided by the Non-Federal Sponsor such sums as the Government deems necessary to cover the Non-Federal Sponsor's 50 percent share of the deep draft portion of financial obligations as those obligations are incurred.

4. If at any time the Government determines that additional funds will be needed from the Non-Federal Sponsor to cover the Non-Federal Sponsor's 50 percent share of the deep draft portion of financial obligations projected for the current fiscal year, the Government shall notify the Non-Federal Sponsor in writing of the additional funds required, and the Non-Federal Sponsor, no later than **[NOT TO EXCEED 60]** calendar days from receipt of such notice, shall make the additional required funds available through the payment mechanism specified in paragraph F.2. of this Article. **[EXPLANATORY NOTES: 1) IF DURING NEGOTIATION OF THE PCA THE NON-FEDERAL SPONSOR, IN A REQUEST PROCESSED THROUGH PROPER USACE CHANNELS, CAN DEMONSTRATE TO THE SATISFACTION OF THE ASSISTANT SECRETARY OF THE ARMY (CIVIL WORKS) THAT A LONGER TIME PERIOD FOR PAYMENT OF THE ADDITIONAL REQUIRED FUNDS IS APPROPRIATE, THE PCA SUBMITTED TO HQUSACE FOR REVIEW MAY STATE THE LONGER TIME PERIOD. 2) IF ADDITIONAL FUNDS ARE REQUIRED FROM THE NON-FEDERAL SPONSOR, THEY SHOULD BE REQUESTED IMMEDIATELY SO THAT CONTRACT AWARDS ARE NOT DELAYED. FEDERAL FUNDS SHOULD NOT BE USED TO MEET ANY SHORTFALL IN SPONSOR FUNDS.]**

5. Upon completion of each fiscal year, the Government shall conduct an accounting of the Government's financial obligations for operation and maintenance for that fiscal year (including all relevant claims and appeals resolved during that fiscal year) and furnish the Non-Federal Sponsor with the results of such accounting. Such accounting shall determine the Government's total financial obligation for operation and maintenance for that fiscal year, the deep draft portion of financial obligations for that fiscal year, each party's contribution provided for the deep draft portion of financial

February 29, 1996

obligations for that fiscal year, and each party's required share of the deep draft portion of financial obligations for that fiscal year.

a. In the event such accounting shows that the total contribution provided by the Non-Federal Sponsor is less than its 50 percent share of the deep draft portion of financial obligations, the Non-Federal Sponsor shall, no later than 90 calendar days after receipt of written notice, make a cash payment to the Government of whatever sum is required to meet the Non-Federal Sponsor's 50 percent share of the deep draft portion of financial obligations. **[EXPLANATORY NOTE: IF DURING NEGOTIATION OF THE PCA THE NON-FEDERAL SPONSOR, IN A REQUEST PROCESSED THROUGH PROPER USACE CHANNELS, CAN DEMONSTRATE TO THE SATISFACTION OF THE ASSISTANT SECRETARY OF THE ARMY (CIVIL WORKS) THAT A LONGER TIME PERIOD FOR PAYMENT OF THE ADDITIONAL REQUIRED FUNDS IS APPROPRIATE, THE PCA SUBMITTED TO HQUSACE FOR REVIEW MAY STATE THE LONGER TIME PERIOD.]**

b. In the event such accounting shows that the total contribution provided by the Non-Federal Sponsor exceeds its 50 percent share of the deep draft portion of financial obligations, the Government shall afford credit for the excess against the Non-Federal Sponsor's contribution for the next fiscal year, or, subject to the availability of funds, and at the request of the Non-Federal Sponsor, refund the excess to the Non-Federal Sponsor no later than 90 calendar days after such accounting is complete. In the event existing funds are not available to refund the excess to the Non-Federal Sponsor, the Government shall seek such appropriations as are necessary to make the refund.

ARTICLE VII - DISPUTE RESOLUTION

As a condition precedent to a party bringing any suit for breach of this Agreement, that party must first notify the other party in writing of the nature of the purported breach and seek in good faith to resolve the dispute through negotiation. If the parties cannot resolve the dispute through negotiation, they may agree to a mutually acceptable method of non-binding alternative dispute resolution with a qualified third party acceptable to both parties. The parties shall each pay 50 percent of any costs for the services provided by such a third party as such costs are incurred. The existence of a dispute shall not excuse the parties from performance pursuant to this Agreement.

ARTICLE VIII - OPERATION AND MAINTENANCE

February 29, 1996

A. Subject to applicable Federal laws and regulations and for so long as the Project remains authorized, and commensurate with the Government's operation and maintenance of the general navigation features, the Non-Federal Sponsor shall operate and maintain the local service facilities and dredged or excavated material disposal areas in a manner compatible with the authorized purposes of the Project and any specific directions prescribed by the Government in the dredged or excavated material disposal areas Management Plan and any subsequent amendments thereto. The Non-Federal Sponsor shall be responsible for taking all actions to enable such operation and maintenance.

B. The Government, as it determines necessary, shall operate and maintain the general navigation features and shall be responsible for all financial obligations for operation and maintenance of the general navigation features, including any financial obligations for advanced maintenance **[ADD THE FOLLOWING FOR A PROJECT WITH AN AUTHORIZED DEPTH IN EXCESS OF 45 FEET OR A SEPARABLE ELEMENT WITH AN AUTHORIZED DEPTH IN EXCESS OF 45 FEET:]**, except that the Non-Federal Sponsor shall contribute, in accordance with Article VI.F. of this Agreement, a 50 percent share of the deep draft portion of financial obligations, including any financial obligations for deep draft advanced maintenance].

C. The Non-Federal Sponsor hereby authorizes the Government to enter, at reasonable times and in a reasonable manner, upon property that the Non-Federal Sponsor now or hereafter owns or controls for access to the general navigation features for the purpose of inspection and, if necessary, for the purpose of operating and maintaining the general navigation features. Nothing contained herein, however, shall convey to the Government any interest in real property owned or controlled by the Non-Federal Sponsor.

ARTICLE IX - INDEMNIFICATION

The Non-Federal Sponsor shall hold and save the Government free from all damages arising from the construction, operation, or maintenance of the Project, any betterments, and the local service facilities, except for damages due to the fault or negligence of the Government or its contractors.

ARTICLE X - MAINTENANCE OF RECORDS AND AUDIT

A. Not later than 60 calendar days after the effective date of this Agreement, the Government and the Non-Federal Sponsor shall develop procedures for keeping books, records, documents, or other evidence pertaining to costs and expenses incurred pursuant to this Agreement. These procedures shall incorporate, and apply as

appropriate, the standards for financial management systems set forth in the Uniform Administrative Requirements for Grants and Cooperative Agreements to State and Local Governments at 32 C.F.R. Section 33.20. The Government and the Non-Federal Sponsor shall maintain such books, records, documents, or other evidence in accordance with these procedures and for a minimum of three years after completion of the accounting for which such books, records, documents, or other evidence were required. To the extent permitted under applicable Federal laws and regulations, the Government and the Non-Federal Sponsor shall each allow the other to inspect such books, documents, records, or other evidence.

B. Pursuant to 32 C.F.R. Section 33.26, the Non-Federal Sponsor is responsible for complying with the Single Audit Act of 1984, 31 U.S.C. Sections 7501-7507, as implemented by Office of Management and Budget (OMB) Circular No. A-133 and Department of Defense Directive 7600.10. Upon request of the Non-Federal Sponsor and to the extent permitted under applicable Federal laws and regulations, the Government shall provide to the Non-Federal Sponsor and independent auditors any information necessary to enable an audit of the Non-Federal Sponsor's activities under this Agreement. The costs of any non-Federal audits performed in accordance with this paragraph before the Government furnishes the Non-Federal Sponsor with the results of the final accounting shall be allocated in accordance with the provisions of OMB Circulars A-87 and A-133, and such costs as are allocated to the Project shall be included in the total cost of construction of the general navigation features and shared in accordance with the provisions of this Agreement.

C. In accordance with 31 U.S.C. Section 7503, the Government may conduct audits in addition to any audit that the Non-Federal Sponsor is required to conduct under the Single Audit Act. Any such Government audits shall be conducted in accordance with Government Auditing Standards and the cost principles in OMB Circular No. A-87 and other applicable cost principles and regulations. The costs of Government audits performed in accordance with this paragraph before the Government furnishes the Non-Federal Sponsor with the results of the final accounting shall be included in the total cost of construction of the general navigation features and shared in accordance with the provisions of this Agreement.

ARTICLE XI - FEDERAL AND STATE LAWS

In the exercise of their respective rights and obligations under this Agreement, the Non-Federal Sponsor and the Government agree to comply with all applicable Federal and State laws and regulations, including, but not limited to, Section 601 of the Civil Rights Act of 1964, Public Law 88-352 (42 U.S.C. 2000d), as implemented by Department of Defense Directive 5500.11 and Army Regulation 600-7, entitled

February 29, 1996

"Nondiscrimination on the Basis of Handicap in Programs and Activities Assisted or Conducted by the Department of the Army".

ARTICLE XII - RELATIONSHIP OF PARTIES

A. In the exercise of their respective rights and obligations under this Agreement, the Government and the Non-Federal Sponsor each act in an independent capacity, and neither is to be considered the officer, agent, or employee of the other.

B. In the exercise of its rights and obligations under this Agreement, neither party shall provide, without the consent of the other party, any contractor with a release that waives or purports to waive any rights the other party may have to seek relief or redress against that contractor either pursuant to any cause of action that the other party may have or for violation of any law.

ARTICLE XIII - OFFICIALS NOT TO BENEFIT

No member of or delegate to the Congress, nor any resident commissioner, shall be admitted to any share or part of this Agreement, or to any benefit that may arise therefrom.

ARTICLE XIV - TERMINATION OR SUSPENSION

A. If at any time the Non-Federal Sponsor fails to fulfill its obligations under Article II.B., II.D., II.G., II.J., II.K., VI, or VIII.B. of this Agreement, the Assistant Secretary of the Army (Civil Works) shall terminate this Agreement or suspend future performance under this Agreement unless he determines that continuation of work on the general navigation features is in the interest of the United States or is necessary in order to satisfy agreements with any other non-Federal interests in connection with the Project.

B. If the Government fails to receive annual appropriations in amounts sufficient to meet its share of scheduled expenditures for the general navigation features for the then-current or upcoming fiscal year, the Government shall so notify the Non-Federal Sponsor in writing, and 60 calendar days thereafter either party may elect without penalty to terminate this Agreement or to suspend future performance under this Agreement. In the event that either party elects to suspend future performance under this Agreement pursuant to this paragraph, such suspension shall remain in effect until such time as the Government receives sufficient appropriations or until

February 29, 1996

either the Government or the Non-Federal Sponsor elects to terminate this Agreement, whichever occurs first.

C. In the event that either party elects to terminate this Agreement pursuant to this Article or Article XV of this Agreement, both parties shall conclude their activities relating to the Project and proceed to a final accounting in accordance with Article VI.D. of this Agreement **[INCLUDE THE FOLLOWING FOR A PROJECT WITH AN AUTHORIZED DEPTH IN EXCESS OF 45 FEET OR SEPARABLE ELEMENT WITH AN AUTHORIZED DEPTH IN EXCESS OF 45 FEET: or an accounting in accordance with Article VI.F. of this Agreement]**.

D. Any termination of this Agreement or suspension of future performance under this Agreement in accordance with this Article or Article XV of this Agreement shall not relieve the parties of liability for any obligation previously incurred. Any delinquent payment shall be charged interest at a rate, to be determined by the Secretary of the Treasury, equal to 150 per centum of the average bond equivalent rate of the 13-week Treasury bills auctioned immediately prior to the date on which such payment became delinquent, or auctioned immediately prior to the beginning of each additional 3-month period if the period of delinquency exceeds 3 months.

ARTICLE XV - HAZARDOUS SUBSTANCES

A. After execution of this Agreement and upon direction by the District Engineer, the Non-Federal Sponsor shall perform, or cause to be performed, any investigations for hazardous substances that the Government or the Non-Federal Sponsor determines to be necessary to identify the existence and extent of any hazardous substances regulated under the Comprehensive Environmental Response, Compensation, and Liability Act (hereinafter "CERCLA"), 42 U.S.C. Sections 9601-9675, that may exist in, on, or under lands, easements, or rights-of-way that the Government determines, pursuant to Article III of this Agreement, to be necessary for the construction, operation, or maintenance of the general navigation features. However, for lands, easements, or rights-of-way that the Government determines to be subject to the navigation servitude, only the Government shall perform such investigations unless the District Engineer provides the Non-Federal Sponsor with prior specific written direction, in which case the Non-Federal Sponsor shall perform such investigations in accordance with such written direction.

1. All actual costs incurred by the Non-Federal Sponsor or the Government before the end of the period of construction for such investigations for hazardous substances shall be included in the total cost of construction of the general navigation features and shared in accordance with the provisions of this Agreement,

subject to an audit in accordance with Article X.C. of this Agreement to determine reasonableness, allocability, and allowability of costs.

2. All actual costs incurred by the Non-Federal Sponsor after the period of construction for such investigations for hazardous substances shall be considered incidental costs under Article IV.B.4. and be credited pursuant to Article II.I. of this Agreement, subject to an audit in accordance with Article X.C. of this Agreement to determine reasonableness, allocability, and allowability of costs.

3. All actual costs incurred by the Government after the period of construction for such investigations for hazardous substances shall be considered financial obligations for operation and maintenance of the general navigation features and shared in accordance with Article VIII.B. of this Agreement.

B. The Non-Federal Sponsor may perform, or cause to be performed, any investigations it determines to be necessary to identify the existence and extent of any hazardous substances regulated under CERCLA that may exist in, on, or under lands, easements, or rights-of-way necessary solely for the construction, operation, or maintenance of the local service facilities. However, for any of those lands that the Government determines to be subject to the navigation servitude, the Non-Federal Sponsor must obtain prior written instructions from the District Engineer regarding the method of testing and must perform such investigations only in accordance with those instructions. The costs of any investigations performed under this paragraph shall be borne entirely by the Non-Federal Sponsor. The Government shall have no obligation under this Agreement for the costs of any investigations performed under this paragraph.

C. In the event it is discovered through any investigation for hazardous substances or other means that hazardous substances regulated under CERCLA exist in, on, or under any lands, easements, or rights-of-way that the Government determines, pursuant to Article III of this Agreement, to be necessary for the construction, operation, or maintenance of the general navigation features, the Non-Federal Sponsor and the Government shall, in addition to providing any other notice required by applicable law, provide prompt written notice to each other, and the Non-Federal Sponsor shall not proceed with the acquisition of the real property interests until both parties agree that the Non-Federal Sponsor should proceed. In the event it is discovered through any means that hazardous substances regulated under CERCLA exist in, on, or under any lands, easements, or rights-of-way necessary for the construction, operation, or maintenance of the local service facilities, the Non-Federal Sponsor and the Government shall, in addition to providing any other notice required by applicable law, provide prompt written notice to each other.

D. The Government and the Non-Federal Sponsor shall determine whether to initiate construction, operation, or maintenance of the general navigation features, or, if already in construction, operation, or maintenance, whether to continue with construction, operation, or maintenance of the general navigation features, suspend future performance under this Agreement, or terminate this Agreement for the convenience of the Government, in any case where hazardous substances regulated under CERCLA are found to exist in, on, or under any lands, easements, or rights-of-way that the Government determines, pursuant to Article III of this Agreement, to be necessary for the construction, operation, or maintenance of the general navigation features. Should the Government and the Non-Federal Sponsor determine to initiate or continue with construction, operation, or maintenance after considering any liability that may arise under CERCLA, the Non-Federal Sponsor shall be responsible, as between the Government and the Non-Federal Sponsor, for the costs of clean-up and response, to include the costs of any studies and investigations necessary to determine an appropriate response to the contamination. Such costs shall not be considered a part of the total cost of construction of the general navigation features. In the event the Non-Federal Sponsor fails to provide any funds necessary to pay for clean up and response costs or to otherwise discharge the Non-Federal Sponsor's responsibilities under this paragraph upon direction by the Government, the Government may, in its sole discretion, either terminate this Agreement for the convenience of the Government, suspend future performance under this Agreement, or continue work on the general navigation features. The Government shall have no obligation under this Agreement for the costs of any clean-up and response, to include the costs of any studies and investigations necessary to determine an appropriate response to the contamination, on lands, easements, or rights-of-way necessary solely for the local service facilities.

E. The Non-Federal Sponsor and the Government shall consult with each other in accordance with Article V of this Agreement in an effort to ensure that responsible parties bear any necessary clean up and response costs as defined in CERCLA. Any decision made pursuant to paragraph D. of this Article shall not relieve any third party from any liability that may arise under CERCLA.

F. To the maximum extent practicable, the Government and the Non-Federal Sponsor shall perform their responsibilities under this Agreement in a manner that will not cause liability to arise under CERCLA.

ARTICLE XIX - SECTION 902 PROJECT COST LIMITS

The Non-Federal Sponsor has reviewed the provisions set forth in Section 902 of Public Law 99-662, as amended, and understands that Section 902 establishes the maximum cost of the Project. Notwithstanding any other provision of this Agreement, the Government shall not make a new Project financial obligation, make a Project expenditure, or afford credit toward total cost of construction of the general navigation features for the value of any contribution provided by the Non-Federal Sponsor, if such obligation, expenditure, or credit would result in the total cost of construction of the general navigation features plus the value of any contribution provided by the Non-Federal Sponsor pursuant to Article III of this Agreement exceeding this maximum amount, unless otherwise authorized by law. On the effective date of this Agreement, this maximum amount is estimated to be \$_____, as calculated in accordance with ER 1105-2-100 using October 1, 19___ price levels and allowances for projected future inflation. The Government shall adjust this maximum amount in accordance with Section 902.
